THE LAST WORDS FROM PRESIDENT DAVE

Thirty three members and guests attended our April meeting and were treated to a talk by a painter named **John Sawyer**. He had about 20 pictures to show us and he talked about each one and about the different styles he does. He used mostly oil and acrylics for his paintings.

Martha and Proctor Davis had another beautiful table spread with a spring theme. They and the hosts and hostesses always add so much to the meetings.

Next month we will elect officers for the upcoming year. This is an important meeting and I encourage you to attend, vote, and support your officers next year.

Our May speaker will be **Larry LeFebvre**, a long time member and talented sculptor and designer. Larry will show some examples of his work and tell us about his methods. I'm really looking forward to his presentation. Our Guild has so many talented folks and most of us are painters in one or more media. The majority of us think of our picture plane and work to express ourselves within it. The addition of that third dimension opens another realm of possibilities to the sculptor. This will be an interesting evening – don't miss is.

So many of us have plans to paint and travel over the summer. We will take our normal "break" for June through August and reassemble in September. I hope you will gather with us for the May meeting and election. If you can't join us, do drop a note to our Secretary, Virginia Elder, with your written ballot for the election in May. Our slate of officers is printed below.

I look forward to our meetings and the opportunity to spend an hour or two with Guild members. It has been good to serve on the Board these last four years and I will serve next year as Parliamentarian. Let me take a moment to thank every one who has worked to keep the Guild running smoothly. Particularly to Carol Monroe for her excellent work on the newsletter. Also to Harvey Burnette, our treasurer, for his help and guidance and those trips to the bank and the post office. Jim Finch has provided great leadership and friendship throughout my time on the board.

Thanks to all our members and friends – take care, keep busy with your art work and with life and join us in May if you can.
