April 2007

The ides of March is behind us, spring has sprung, and April's Fools Day has come and gone or has yet to catch you off guard (depending on receipt of the newsletter). Congratulations to all the winners, and thanks to all who put the TAG show together. It was well done, and in my opinion one of the best. An excellent venue even if it required some adept maneuvering in the back parking lot.

Welcome all members of the SC Watermedia Society to our April meeting.

Ciao, Frank.

SPEAKER FOR APRIL 9:

Jay Gross will present our program "Taking the Fear Factor Out of Digital Imaging". Jay is a freelance commercial photographer and graphic engineer. He has more than 30 years experience behind the camera, and has photographed the SC Watermedia Society exhibition for the past two years. He is an expert on film and digital photography, embracing the digital side from its infancy.

This is an opportunity to learn and share experiences. Bring your digital camera. This program will teach artists how to capture digital images of their artwork for exhibition submissions and professional marketing of their work. Since the use of slides is being phased out and the move is to digital images, this program will provide much needed information.

The meeting will be a joint one with members of TAG and members of the SC Watermedia Society.

HOSPITALITY NOTES:

Members scheduled to bring refreshments to the meeting are: Nancy Johnson, Kim Alpaugh, Stacy Morgan, Meg Gregory, Pat Spear.

LIBRARY NOTE:

At its March meeting, the TAG board voted to provide funds to add new materials to the TAG library. Do you know a "must have" title that we should purchase? Is there a special type of material you think should be in the library? Send your suggestions for either books or videos to

our TAG Librarian, Gayle Sneed at jamesedwinsneed@aol.com or speak to Gayle at our next meeting. Don't forget that TAG will gladly accept your "donated" art books, dvds, videos etc.
